## **We will be eliminating Walk-in visits Effective January 1, 2020**

Traditionally, we have offered walk-in visits for acute illnesses as an alternative to going to an urgent care or emergency department. Unfortunately, because of the policy change, we anticipate that we will not be able to continue to accept walk-in visits. We have allotted several same-day appointment slots for acute conditions only. These times will not be scheduled until the morning. Additionally, we also anticipate that there will be more availability for schedule appointments due to the decrease in re-scheduled appointments.
